GJT Accessory Shop News

- **Equipment:** Tire Cage
- **Benefit:** Exceeds OSHA and Military Standards

"West Star Aviation has innovative tooling capabilities and operations expertise that makes us the choice for tire and wheel assembly changes or O/H's."

"Serving our customers with an attitude and commitment to get the job done on time, with the highest level of quality, value and safety."

West Star has invested in the equipment and training to change or overhaul tires and wheel assemblies. In an effort to consistently exceed expectations by providing the highest quality aviation products and services to our customers and vendors, we take pride in the safety of our employee's. Our Tire Cage now exceeds OSHA and military requirements. We **guarantee** a quick change or overhaul on all pre-arranged, tires and wheel assemblies received at our facility. Please call Steve Goede, our Accessory Shop Manager, or Wayne O'hara, our Aircraft Services Manager, for details on this new equipment at 970-248-5260.
